REPLY TO THE ATTENTION OF:

William Kozak  
8760 West Squaw Lake Road  
Lac du Flambeau, Wisconsin 54538

Dear Mr. Kozak:

The United States Environmental Protection Agency (EPA) wishes to collect soil samples during the week of September 13, 2015 at the former Tower Standard underground storage tank site located at 14267 State Highway 70 West, Lac du Flambeau, Wisconsin. As you know, REI Engineering, Inc. (REI) will be present at the site conducting drilling and sampling activities on your behalf.

Bob Egan of my staff will be present to split soil samples with REI while they are conducting their activities. No additional work will need to be performed by REI for this effort. Our samples will be collected from the same soils retrieved from the sampling device as used by REI. We will analyze our samples for the same parameters as REI.

Thank you for agreeing to allow EPA to collect samples. Enclosed with this letter is an access agreement for the sampling activities. Please read and sign the form. Mr. Egan can stop by your residence to pick it up or you may fax the form to (312) 408-2215. EPA will notify you and REI in advance of any future sampling activities. I understand that you wish us to coordinate future sampling with Dave Larson at REI. We will do that whenever possible.

If you have any questions about the agreement or the sampling activity, please call Mr. Egan at (312) 886-6212, or me at (312) 353-5794.

Sincerely,

A handwritten signature in cursive script, reading "Sherry A. Kamke", is written over a horizontal line.

## CONSENT FOR ACCESS TO PROPERTY

Tower Standard  
14267 State Highway 70 West  
Lac du Flambeau, WI

William Kozak  
8760 W Squaw Lake Rd.  
Lac du Flambeau, Wisconsin 54538

I hereby voluntarily consent to officers, employees, or authorized representatives of the United States Environmental Protection Agency (U.S. EPA), entering and having continued access to freely move about all property at the former UST facility situated at 14267 State Highway 70 West, Lac du Flambeau, Wisconsin for the dates September 14, 2015 through September 18, 2015 inclusive, for the purpose of:

- 1) collecting soil samples for analysis of petroleum volatile organic compounds and naphthalene, matching the sampling parameters of REI, Inc.

I realize these actions taken by U.S. EPA are undertaken pursuant to its responsibilities under the statutory authority of Section 9005 of the Resources Conservation and Recovery Act (RCRA), as amended, 42 United States Code Section 6991d.

This written permission and Consent for Access to Property is given by me voluntarily, on behalf of myself and all other co-owners of the above stated property, with knowledge of my right to refuse and without threats or promises of any kind.
